Securing a better future for Bedworth  
Introduction  
The Bedworth constituency is a diverse one, with a mix of urban and rural areas. It is home to a number of large employers, including the automotive and aerospace industries. The constituency is also home to a number of schools and colleges, and a number of community groups. It is a constituency that is full of life and opportunity, and it is my duty to represent the interests of my constituents in the House of Commons.
